The conference is included in the list of scientific conferences on issues of higher education and science in the system of the Ministry of Education and Science of Ukraine for 2022 <https://drive.google.com/file/d/1t4kQBppZfmLMpGy2ueLB1BV5jHnjA-0i/view>

### **MAIN THEMATIC DIRECTIONS OF THE CONFERENCE:**

1. Physical and occupational therapy in the modern rehabilitation system.
2. Global problems of biosafety; biosafety in medicine, physical therapy, occupational therapy, biomedical engineering and biotechnology.

3. Innovative technologies of physical and occupational therapy.
4. Information technologies and decision-making software in physical therapy.
5. Rehabilitation engineering, Internet of things in rehabilitation, artificial intelligence systems in rehabilitation.
6. Preformed factors in physical therapy.
7. Equipment and diagnostic technologies in physical therapy.

**Conference languages:** Ukrainian, English, Polish.

One author can send no more than 2 articles (*necessarily indicating the thematic direction*), in co-authorship more are possible.

According to the results of the conference, it is planned to publish an electronic collection of materials. Each participant will also receive a certificate of participation. The distribution of certificates and the placement of the collection of theses will be carried out within a month after the end of the conference. The best materials will be published in an electronic professional journal (special issue).

If you wish to participate in the conference, you must send **one letter** to [biosafetymodern@gmail.com](mailto:biosafetymodern@gmail.com) by November 1, 2022:

1. Theses of reports (the name of the file in electronic form must have the last name of the first author, for example, Theses\_Petrov).
2. Application for participation (file name, for example, Application\_Petrov).

After accepting the materials, you will receive a response from the organizers to the specified email address. The participant scans a copy of the receipt for the payment of the organizational fee (the details are provided after the acceptance of theses for printing).

The organizing committee of the conference reserves the right to reject applications and abstracts of reports if they: 1) do not correspond to the topic and areas of work of the conference; 2) if the theses of the report are not an independent author's work and signs of plagiarism are found in them; 3) if they are not issued in accordance with the specified requirements, or are sent after the specified deadline.

All materials are accepted and published in the author's editorial office.
